PROFESSIONAL SUMMARY

Frontend Focused Full Stack Web Developer with **around 2 years of professional experience** specializing in developing modern, scalable, and responsive web applications. Expert in **HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Angular, Tailwind CSS, Bootstrap, Chakra UI, and Custom CSS**. Strong background in building pixel-perfect, mobile-first, and cross-browser compatible user interfaces from Figma designs, with expertise in **responsive design**, reusable component development, frontend architecture, UI optimization, and performance enhancement. Experienced in developing dashboards, admin panels, authentication systems, and enterprise-grade application's UI while collaborating closely with cross-functional teams in Agile environments to deliver high-quality, user-focused solutions.

EXPERIENCE

Frontend Developer, BrightLoans (Avinash Capital Markets Pvt. Ltd.)

07/2026 – Present | New Delhi

- Developed responsive and user-friendly web interfaces for multiple projects using **React.js**, JavaScript, HTML, and CSS.
- Converted **Figma designs** into pixel-perfect, **responsive** code while maintaining design consistency and cross-device compatibility.
- Worked in an **Agile environment**, collaborating with cross-functional teams to deliver features, fix issues, and meet project requirements within deadlines.

Associate Software Engineer – Frontend, Masters' Union (via VP Outgrow Pvt. Ltd.)

11/2024 – 05/2026 | Gurugram

- Developed and maintained reusable, responsive UI components using **React.js, Angular, HTML5, CSS3, JavaScript, TypeScript, Tailwind CSS, and Custom CSS**, improving scalability and development consistency.
- Converted **30+ Figma screens** into pixel-perfect, responsive, and cross-browser compatible user interfaces, ensuring a seamless user experience across desktop and mobile devices.
- Built responsive UI for **dashboards, admin panels, authentication flows, AI chat interfaces, analytics dashboards, data tables, forms, and reusable component libraries** for enterprise web applications.
- Collaborated with designers, backend developers, QA engineers, and product teams in Agile sprints to deliver high-quality, production-ready frontend features while maintaining clean, scalable, and maintainable code.

Frontend Developer, Farehold Technical Solutions LLP

01/2024 – 07/2024 | Delhi

- Developed and maintained responsive web applications using **React.js, JavaScript, HTML5, CSS3, Tailwind CSS, and Bootstrap**, ensuring seamless user experiences across desktop and mobile devices.
- Built reusable UI components and converted **Figma designs** into pixel-perfect, production-ready interfaces with a strong focus on responsiveness, performance, and accessibility.
- Integrated the Amadeus Flight API to implement real-time flight search, pricing, and booking functionality, enhancing platform usability and user engagement.
- Implemented **Redux Toolkit, React Hooks, and Context API** for efficient state management, optimizing application performance and minimizing unnecessary re-renders.

SKILLS

Languages & Frameworks

HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Angular, Tailwind CSS, Bootstrap, Rest API Integration

Web Development Expertise

Component-Based Development, Responsive Web Design, Cross-Browser Compatibility, State Management, Data Binding, UI Optimization

UI/UX Implementation

Figma-to Code Conversion, Pixel-Perfect UI Development, Responsive Layouts, User Centric Interface Design

Tools & Collaboration

Git, GitHub, GitLab, Figma, VS Code, CursorAI, Anti Gravity AI, OpenAI, Agile/Scrum Development, Firebase, Postman, Thunder Client

Backend Familiarity

NodeJS, SQL, MongoDB

PROJECTS

MUAI – Masters' Union Educational Platform, Angular, Custom CSS, Responsive Design, UI Libraries

Developed authentication UI including Login, Signup, Forgot Password and Reset Password pages using React and custom CSS. Built AI Chat UI and dashboard interfaces while ensuring responsiveness and cross-browser compatibility. Implemented light and dark theme support and converted **20+ Figma** screens into pixel-perfect production-ready UI using Angular and UI libraries.

InterviewAI – AI Interview Platform, Angular, Custom CSS, Iconify, Responsive Design

Built authentication pages, onboarding flows and dashboard UI using React and custom CSS with Iconify integration. Implemented responsive UI across **15+ pages** with pixel-perfect Figma-to-code accuracy and improved onboarding experience.

SalesCoach – AI Sales Management Platform, Angular, Custom CSS, UI Libraries, Responsive Design

Developed Admin, Super Admin, and Manager dashboard UI using React and custom CSS across **25+ production pages**. Built AI Call Assistant UI, Call Upload UI, Team Performance, Leads, Profile, and Knowledge Base interfaces with reusable modal and table components. Implemented responsive layouts, light/dark themes, and cross-browser compatibility using modern UI libraries.

Autoolic – AI Powered no-code Platform, Reactjs, Tailwind CSS, Responsive Design

Autoolic is an AI-powered no-code tool builder that enables users to create custom tools through prompts. Developed responsive, pixel-perfect UIs from **Figma designs** using **React.js, Tailwind CSS, Custom CSS**. Built reusable UI components, interactive dashboards, forms, and dynamic user flows. Optimized interfaces for cross-browser and **cross-device compatibility** while collaborating in an Agile environment to deliver frontend features and enhancements.

EDUCATION

Master of Computer Applications (MCA), Kurukshetra University
Pursuing

07/2026 – Present | Gurugram

Bachelor of Science, Chhatrapati Shahu Ji Maharaj University

2023 – 2026 | Kanpur

Full Stack Web Development Certification, Masai School

02/2024 – 10/2024 | Bengaluru
